**Review:** This book is divided into three sections. The first section contains directives of the East China Military and Administrative Committee and of the Fukien Committee of the CCP on strengthening the supply and marketing cooperatives. Also included are editorials of the Shanghai Chieh-fang Jih-pao and the Foochow Fukien Jih-pao supporting the above-mentioned directives. The second and third sections describe the experience of the mutual aid teams and cooperative operations in Fukien and Kirin provinces.

Two articles describe the actual operations, organization, and achievements of two cooperatives. The role of the party and the basic organization of cooperatives and mutual aid teams is discussed.

The appendix includes a model constitution for rural supply and marketing cooperatives.
